

**Qualification details**

C&G No: 7588-13
Complex Railway Engineering
Scheme Traction and Rolling Stock
NVQ Level 3

Section A Mandatory Units (Candidates must complete all mandatory units)

C&G No	CfRS No	Title
319	TRS301	Identify, assess and rectify defects and discrepancies in traction and rolling stock assets
320	TRS302	Establish and maintain the condition of the work site, materials and equipment
321	TRS303	Develop professionally and support good working relationship
322	TRS304	Support health and safety practices in the workplace
323	TRS305	Establish compliance with traction and rolling stock specification

Section B Optional Units (Candidates must complete 1 from 3 available)

C&G No	CfRS No	Title
324	TRS306	Contribute to the organisation of traction and rolling stock work activities
325	TRS307	Prepare for and diagnose faults in traction and rolling stock assets
326	TRS308	Organise the removal and replacement of traction and rolling stock components

Section C Optional Units (Candidates must complete 1 from 8 available)

C&G No	CfRS No	Title
327	TRS309	Plan and manage traction and rolling stock engineering activities
328	TRS310	Manage the movement of complex traction and rolling stock loads
329	TRS311	Modify or manufacture traction and rolling stock components by material removal using hand tools
330	TRS312	Assemble traction and rolling stock components
331	TRS313	Prepare and check a programmable controlled system for the operation of traction and rolling stock assets
332	TRS314	Install traction and rolling stock assets and components
333	TRS315	Accept, and return, responsibilities for the control traction and rolling stock assets
334	TRS316	Provide operational support to users of traction and rolling stock assets
