

Who are we?

Four Counties Training (FCT) is a private training provider which offers bespoke training, qualifications and consultancy to employers in a wide range of sectors. With over 14 years' experience in delivering the highest quality training and assessment services to employers, we are proud of our status:

- a centre with Grade 1 Ofsted inspection results across all areas;
- one of the largest City & Guilds assessment centre (under the name Qualbase) in the south east, with approval to offer a wide range of qualifications;
- a LSIS Beacon Centre;
- a Matrix accredited provider;
- an accredited Investor in People;
- a fully approved Chartered Management Institute Centre, the most prestigious management awarding body in the UK;
- an approved provider for Train to Gain programmes.

We are focused on satisfying our clients' needs and exceeding their expectations.

Our Assessment Centre

Qualbase is our City & Guilds assessment centre. It provides a central, all-through qualification support and accreditation service.

Qualbase has:

- an excellent track record of candidate completion;
- systems to monitor changing requirements and keep assessment systems, materials and procedures up to date;
- a rapid response when securing approval for additional awards as members require them; and
- strong support systems for assessors and verifiers in member companies.

What we offer in the Health and Social Care Sector

- Diploma in Health and Social Care Level 2
- Diploma in Health and Social Care Level 3
- Apprenticeship in Health and Social Care Level 2
- Advanced Apprenticeship in Health and Social Care Level 3
- NVQ in Leadership and Management for Care Services Level 4

We only employ trainers and assessors who have extensive, recent experience in the care profession. We have a genuine commitment and passion to work alongside care staff to develop each individual and meet your organisation's aims and objectives.

We will identify and actively support individual learning styles to deliver a person centred training programme. The programmes will enable the individuals to take responsibility for their own learning to maximise their experience.

We can assess individuals in their work place or a group of people using workshops to aid learning, which run alongside assessor visits to the workplace. For organisations which do not have training facilities, workshops can take place on FCT premises where there is a modern suite of training rooms available.

How we can help with funding

All our learning programmes are tailor made, so we like to meet clients face to face to discuss your organisation's needs in detail before we give an accurate price. We have excellent links with our funders and can usually access full funding at level 2 and either part or full funding at level 3, depending upon the nature and number of candidates. We do also access funding from other sources including ESF monies. We have run programmes for the Leadership and Management for Care Services at level 4, which have been funded in this way.

Contact us

If you are keen to employ a quality provider that also accesses a wide range of funding then give Karen Patterson a call to discuss your needs further.
